

SUSTAINABLE RESULTS THROUGH TRUST AND CONNECTION

Personal, Professional and Corporate

We invite you to join other leaders to engage in the teaching and conversations of the **NINE HABITS FOR SUCCESS WORKSHOP** on November 28th, 2012. **BILL STEVENS'** and **JOE GOODMAN'S** purpose is to help people and organizations to thrive in relationships and to prosper in all aspects of their lives. In this spirit, they have created the **NINE HABITS** workshop. Their compassionate and no-nonsense approach inevitably facilitates excellence, leadership breakthroughs and strong, well functioning teams.

HABIT #1 - OWN YOUR RESULTS

"Own Your Results" is a reminder to take complete responsibility for the outcomes you have created. The actions, reactions, and choices you have made that produced your results are yours and yours alone. Results don't lie. They are the clearest indication in your life of the choices you have made. Look around you. What results do you have? What feedback do others give you? What feedback is the world around you delivering, whether positive or negative?

The success of your relationships and endeavors is directly related to the nature and quality of your involvement. "Own Your Results" encourages you to courageously confront reality at every level. As empowered human beings, we choose to take full accountability for everything, most importantly, without blame and without judgement.

The **NINE HABITS FOR SUCCESS WORKSHOP** focuses intently on each habit and provides you with understanding and strategies that will lead you to sustainable results through connected relationships.

Workshop Participants come away with:

- Increased knowledge of relationship derailers
- An expanded understanding of human dynamics
- Knowing how trust and connection impact your results
- Tools and best practices for strong coordinated action
- Direct access to others in real, effective and meaningful ways
- Measurable progress as a leader
